

# Bicycle Safety Tips

- Obey all traffic signs & signals.
- Watch for cars pulling out.
- Never ride against traffic.
- Scan the road behind.
- Use hand signals.
- Avoid road hazards.
- Ride in a straight line.
- Don't pass on the right.
- Keep both hands ready to brake.
- Don't weave between parked cars.
- Ride in the middle of the lane in slow traffic and when traffic lane is narrow.
- Follow lane markings.
- Ride a well-equipped bike.
- Choose the best way to turn left. You may want to dismount and cross like a pedestrian at the corners.
- Dress appropriately.
- Lock your bike when you're gone.
- Keep your bike in good repair.
